Six Nations Medical Cannabis Survey

As you may know, the Canadian government has decided that it will legalize cannabis in July of 2018.

This survey was created so that the people of Six Nations can make their voices known on cannabis related issues. A paper version of this survey has been mailed to every home in Six Nations. You can download more copies of this survey for your household members to fill out, or you can use the electronic version of the survey at www.greenhealthfor6.com. Return the paper copy of the survey that was mailed to your home to Green Health for Six Nations at 1143 Highway 54.

The results of the survey will be made public at a community meeting to be held in January of 2017. All personally identifying information on the survey will be kept strictly confidential. **Survey closes December 31st.**

If you have any questions or concerns about the survey, please contact Green Health for Six Nations at 519-865-6432 or visit our website at www.greenhealthfor6.com for more information.

The first 100 entries to the survey that include a Six Nations band number will receive a free holiday basket courtesy of Green Health for Six Nations.

Name

Phone
